NOTICE OF CLAIM

PLEASE TAKE NOTICE that the claimant herein hereby makes claim and demand against The City of Kingston
as follows:

1. The name and post office address of each claimant and of his/her attorney is:

2. The nature of the claim:

Sewage is backing up into my basement from the drainage pipe leading to the main line. The problem began after the water department dug a hole right in front of my home in Feb. to fix a water main break. It is possible something shifted and caused a blockage in my pipe. I am requesting the KWD to dig the hole again to find out if the problem is the city's or in my lateral pipes. If in my lateral pipes, I can have my plumber come and solve the problem. If it is caused by the city's digging - I will at that point be able to address as necessary.

3. The time when, the place where and the manner in which the claim arose:

The incident occurred on Feb 11, 2021, at about 9:30 a.m. p.m.

at (location) 23 Lindsley Ave. The KWD arrived to fix a break in the water main (photos attached). I was then out of town for two months - and when I returned, I discovered drainage backing into my basement. Plumbers (JSP) discovered a blockage 32 feet from my home - which coincides with the location of the hole dug by the city. The correlation seems to be with the dig site.

The items of damage or injuries claimed are:

Sewage Drainage backing into my home/basement. Sewage fumes + actual sewage water (photos attached). I did not have this problem prior to the digging in front of my home.

The undersigned therefore present this claim and demand, \$ 688.50 ^{and assessment of damage by re-digging the hole} for adjustment and payment, and notify you that unless same is adjusted and paid within the time provided by law from the date of this presentation to you, it is the intention of the undersigned to commence an action thereon.

Description of Work

04.13.2021
Jsp arrived to house leaking sewage.
Leaking from outside foundation and coming back in.
Overall pipe is not seal properly.

Jsp will preform the following work:

Camera main drain
Snake main drain.
No warranty

Overall jsp pulled out a lots of roots
Also hit a structure around 30-32' away from cleanout.
Seems to be a clopsed pipe in the street area.
That is about the same spot where someone dug to repair a water line.
Could be related issues.

Also when the pipe leaves the home.
The pipe is 4" that goes into 6" cast iron. Not sealed water tight. (This is where the water is coming.
Roots are hard to pinpoint where they are. Could be anywhere between 20-30' from home.
