City of Kingston Parks and Recreation Department

ltimbrouck@kingston-ny.gov

Steven T. Noble, Mayor

Lynsey Timbrouck, Director

May 27, 2021

Dear President Shaut:

The Parks and Recreation Department would like to request a transfer of funds from the Miscellaneous Recreation Committed Fund Balance for upcoming programs and to cover the expected cost for a memoriam sign in one of our parks. These funds will be used to purchase much needed supplies and equipment for the beach and pool season, movie rentals for Kingston's Movies Under the Stars events, and to cover the cost of the signage for the proposed Kenneth G. Bryant, Jr. Memorial Basketball Courts.

Over the years, the aquatics staff have been successful in managing most of the normal wear and tear that equipment and supplies typically undergo, but the requested transfer will help provide them with the updated materials they need to provide a more safe and efficient environment at the Kingston Point Beach and Andretta Pool.

Kingston's Movies Under the Stars has consistently proven to be a popular program within the community and provides an opportunity for our residents to experience our beautiful parks. Due to the COVID-19 pandemic, we were unable to host any movie showings last year, but with the support of the additional requested funds, we will be able to offer this highly-anticipated experience this season.

In 2012, a fundraiser was held in honor of former Parks and Recreation Commission Chair, Ken Bryant and the money raised was placed into the Miscellaneous Recreation Committed Fund Balance for a future memorial site. The Commission would like to utilize some of those funds for the signage at the proposed Kenneth G. Bryant, Jr. Memorial Basketball Courts, which has recently received the support from Mayor Noble and the Public Safety and General Government Committee.

As the abovementioned requests are for various distributions, I respectfully request the following fund transfers:

Transfer \$ 5,000.00 from: A1-391300 – Miscellaneous Recreation Committed Fund Balance to: A1-7-7180-14-5485 – General Materials and Supplies

Transfer \$ 1,500.00 from: A1-391300 – Miscellaneous Recreation Committed Fund Balance to: A1-7-7310-14-5472 – Contracted Services

Transfer \$ 60.00 from: A1-391300 – Miscellaneous Recreation Committed Fund Balance to: A1-1-1625-14-5485 – General Materials and Supplies

City of Kingston Parks and Recreation Department

ltimbrouck@kingston-ny.gov

Steven T. Noble, Mayor

Lynsey Timbrouck, Director

The requested transfers will give the Parks and Recreation Department the opportunity to continue investing in our programs, parks, and our community.

Thank you in advance for your consideration.

Respectfully,

Lynsey Timbrouck

Director, Kingston Parks and Recreation

cc: John Tuey, Comptroller, City of Kingston

CITY OF KINGSTON

Office of the Mayor

mayor@kingston-ny.gov

Steven T. Noble Mayor

May 28th, 2021

Honorable Andrea Shaut President/Alderman-at-Large Kingston Common Council 420 Broadway Kingston, NY 12401

Re: Common Council Chamber Upgrades

Dear President Shaut,

As the City of Kingston continues to implement our Covid-19 re-opening plan, it is paramount that we prepare our government meeting spaces to be able to host in-person meetings, while also continuing to welcome those that have the ability to connect remotely during this time. Attached, you will find quotes that have been prepared by our IT Department in order to allow for this hybrid meeting environment. Care was taken during the consideration of these proposals to have all of these features be movable as to not permanently attach to our historic building.

In addition to the quoted prices, I am requesting a total of \$90,000 of which \$83,011.84 is included in the attached quotes. The additional funds requested are for miscellaneous equipment that may be necessary by our IT department as well as drapery that may be necessary to prepare the Common Council Chambers for this meeting.

Please feel free to contact me if you have any questions or concerns.

Respectfully Submitted,

Steven T. Noble

Mayor

Conferencing system in conference room

Kingston City

420 Broadway Kingston, NY 12401

Revision:

Modified: 5/14/2021

SCOPE OF WORK

Kyle,

Below is a proposal to add conferencing to two conference rooms. The scope of work is as follows:

We propose installing a Poly X30 conferencing system to allow for a hybrid meeting environment. You will be able to hold a traditional meeting while streaming to the Web for outside participation.

The Poly Studio X30, an all-in-one video bar for huddle and small rooms. It is very simple to use with support for leading cloud video services built right in - no PC or Mac required. Voices are crisp and clear, thanks to a beamforming microphone array and acoustic chamber design. Built-in, wireless content sharing lets users share from their devices without the need for cables or pucks.

We will install a 65" commercial display on a rolling cart. The Poly conferencing system will be mounted to the cart. The control panel for the Poly will be set up near the display. If the control panel is desired on the table, a throw carpet will be needed to avoid a tripping hazard.

What we need from you:

- Power for the display
- 2 Network drops (1 for the Poly unit and 1 for the Poly control panel)
- Uninterrupted access to the space for one half day to complete the installation

Sharp NEC Display Solutions NYS Contract #PC-67446 Poly NYS Contract #PM20950

^{*} Price Includes Accessories

Warranty

Free First Year Service Agreement

To add additional value on this project, HVAV will include our Platinum Level Service Agreement for the first year on the installation detailed herein <u>at no cost</u> (\$350.00 value). While equipment will carry it's own manufactures' warranties, HVAV will:

- Provide all labor to keep your systems running at top performance.
- Facilitate returns for any warranty service or repairs, if any
- Provide one preventative maintenance visit per your request
- · Provide any training as needed
- Respond to all service calls Monday thru Friday 8 5 within one working day excluding holidays

No individual purchase orders will be needed for service calls

Kingston City

420 Broadway Kingston, NY 12401

Revision:

0

Modified:

5/12/2021

Presented By:

Hudson Valley Audio Visual, Inc.

1914 Rte.44-55 Modena, NY 12548 United States (845) 797-7000 hudsonvalleyav.com

Kyle,

This custom solution for the city of Kingston addresses both the technical requirements as well as architectural or visual restrictions due to the historical nature of the space. In past projects with the city, it was made clear that the room's history will not allow for items to be permanently attached so that the original character of room the remains intact. Therefore, this concept installs large display monitors in custom credenza style furniture located on each side of the room that will conceal the displays when the system is not in use.

In summary, this is a four-display system with two of the large displays facing the Gallery, and two smaller displays hidden behind the Alderman chairs, facing the main dais. There will be 2 cameras. One will be installed on top of one of the rising displays, and the other on the back of the Alderman's tables facing the main dais. In this arrangement, all members of the City Council can see one of the four displays and can be picked up by one of the two cameras. Both cameras will automatically focus on the person speaking at any given time.

The existing microphone system will be integrated with the video conferencing system so sound coming in and out of any video call will be effectively transmitted in both directions.

Based on customer input, the system will be designed as a Zoom room and will be operated using a new touch panel. This panel will control all the displays, cameras, audio, and the Zoom call itself. For the purposes of this proposal, the panel will be located in the closet near the existing audio controller.

When the system is activated, all four displays will power on, and the 75-inch displays will electrically lift out of the furniture for the duration of the meeting. Video from the far end call will display on all four screens, as well as any content from a user in the room, such as a power point presentation.

RE: Fund Balance Policy

Dear President Shaut,

I would like the opportunity to review the City's existing fund balance policy and related considerations/action items with the Common Council at the next meeting (Caucus or Finance) that you feel is most appropriate. I expect that it would be a 15-20 minute presentation followed by discussion. I've attached a copy of the presentation materials, supporting documentation, and committee reports. Thank in you in advance.

Sincerely

John R. Tuey

City of Kingston Fund Balance Discussion

Main Topies

- What is fund balance and how is it different from contingency?
- Benefits of adequate fund balance levels.
- Setting fund balance policy levels.
- Managing fund balance levels.

What is Contingencyp

- Contingency is a current year budgetary account that is established to fund unexpected expenses.
- Unused monies in the budget are factored into the operating surplus and deficit in any given year and rolled into fund balance at year end.

What is fund Balance?

- It is the accumulation of all operating surpluses and deficits since the inception of government operations.
- At any point in time, it is the excess of assets over liabilities.

Beneffts of Having An Adequate Fund Balance

- Sufficient cash flow.
- Bond rating.
- Buffer against economic downturns.
- Protect against volatility of revenue and expenditures.

What is the Proper fund Balance Levelp

• NYS OSC allows governments to carry over "a reasonable amount" of unassigned fund balance but does not define what is reasonable.

What is the Proper fund Balance Level?

• GFOA (Government Finance Officers Association) recommends, at a minimum, that general-purpose governments, regardless of size, maintain unrestricted budgetary fund balance in their general fund of no less than 2 months of regular general fund operating revenues or regular general fund operating expenditures (16.67%).

Some Factors to Consider When Setting Fund Balance Policy Levels

- Exposure to unbudgeted cash outlays.
- Volatility of revenues and expenditures.
- Seasonality of revenues and expenditures.
- Liquidity (cash levels).
- Experience in prior fiscal years.

Hanaging Fund Balance Levels in Excess of Targeted Amounts Established by Policy — Looking Forward

- One shot expenditures. Target expenditures that don't occur annually such as equipment and capital, judgments, etc.
- Reduce debt principal. This decreases future interest payments, improves credit ratings, and provides future budgetary relief.
- Cautiously review opportunities for future property tax relief keeping in mind that one shot revenues should not be used to fund recurring expenditures (can result in unstable tax rates).

Gurrent Fund Balance Policy

- The current policy calls for the City to "strive to maintain an unrestricted unassigned fund balance level in the General Fund ranging between 10% and 13% of the total adopted budgeted expenditures".
- At the time the policy was put in place, the City's finances and bond rating were notably weaker than they are today (unassigned fund balance was below 10%).

Potential Action Plan

- It is a best practice for the City to review its financial policies on a regular basis and update them as the need arises. The Common Council may want to consider updating the policy with thresholds to support the City's long term stable financial position.
- An updated policy with a "target" General Fund unassigned fund balance level of 13% to 20% of the following year's adopted budgeted expenditures would meet the City's fiscal needs.

Potential Action Plan

- Allocating an additional \$1,635,000 of fund balance to redeem a
 portion of our outstanding short term debt would provide near term
 tax relief to our taxpayers as the City's 2022 scheduled principal
 payment on existing debt would be reduced by approximately
 \$400,000. This equates to tax relief of over 2%.
- The combination of these actions, upon expenditure of the full amounts allocated, would reduce the City's unaudited, unassigned fund balance in the General Fund to approximately \$7,108,124 or approximately 16.5% pending final 2020 audited results.
- The City should consider appropriating additional unassigned fund balance in the City's 2022 budget for the purpose of funding a portion of the capital plan (emphasis on vehicles, equipment, and shorter lived assets) that would otherwise be financed with debt.

1.5

BEST PRACTICES

Fund Balance Guidelines for the General Fund

Governments should establish a formal policy on the level of unrestricted fund balance that should be maintained in the general fund for GAAP and budgetary purposes.

In the context of financial reporting, the term *fund balance* is used to describe the net position of governmental funds calculated in accordance with generally accepted accounting principles (GAAP). Budget professionals commonly use this same term to describe the net position of governmental funds calculated on a government's budgetary basis. While in both cases *fund balance* is intended to serve as a measure of the financial resources available in a governmental fund; it is essential that differences between GAAP *fund balance* and budgetary *fund balance* be fully appreciated.

1. GAAP financial statements report up to five separate categories of fund balance based on the type and source of constraints placed on how resources can be spent (presented in descending order from most constraining to least constraining): nonspendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance. The total of the amounts in these last three categories (where the only constraint on spending, if any, is imposed by the government itself) is termed unrestricted fund balance. In contrast, budgetary fund balance, while it is subject to the same constraints on spending as GAAP fund balance, typically represents simply the total amount accumulated from prior years at a point in time.

- 2. The calculation of GAAP fund balance and budgetary fund balance sometimes is complicated by the use of sub-funds within the general fund. In such cases, GAAP fund balance includes amounts from all of the subfunds, whereas budgetary fund balance typically does not.
- 3. Often the timing of the recognition of revenues and expenditures is different for purposes of GAAP financial reporting and budgeting. For example, encumbrances arising from purchase orders often are recognized as expenditures for budgetary purposes, but never for the preparation of GAAP financial statements.

The effect of these and other differences on the amounts reported as *GAAP fund balance* and *budgetary fund balance* in the general fund should be clarified, understood, and documented.

It is essential that governments maintain adequate levels of fund balance to mitigate current and future risks (e.g., revenue shortfalls and unanticipated expenditures) and to ensure stable tax rates. In most cases, discussions of fund balance will properly focus on a government's general fund. Nonetheless, financial resources available in other funds should also be considered in assessing the adequacy of unrestricted fund balance in the general fund.

GFOA recommends that governments establish a formal policy on the level of unrestricted fund balance that should be maintained in the general fund for GAAP and budgetary purposes. 3 Such a guideline should be set by the appropriate policy body and articulate a framework and process for how the government would increase or decrease the level of unrestricted fund balance over a specific time period. 4 In particular, governments should provide broad guidance in the policy for how resources will be directed to replenish fund balance should the balance fall below the level prescribed.

Appropriate Level. The adequacy of unrestricted fund balance in the general fund should take into account each government's own unique circumstances. For example, governments that may be vulnerable to natural disasters, more dependent on a volatile revenue source, or potentially subject to cuts in state aid and/or federal grants may need to maintain a higher level in the unrestricted fund balance. Articulating these risks in a fund balance policy makes

it easier to explain to stakeholders the rationale for a seemingly higher than normal level of fund balance that protects taxpayers and employees from unexpected changes in financial condition. Nevertheless, GFOA recommends, at a minimum, that general-purpose governments, regardless of size, maintain unrestricted budgetary fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures. The choice of revenues or expenditures as a basis of comparison may be dictated by what is more predictable in a government's particular circumstances. Furthermore, a government's particular situation often may require a level of unrestricted fund balance in the general fund significantly in excess of this recommended minimum level. In any case, such measures should be applied within the context of long-term forecasting, thereby avoiding the risk of placing too much emphasis upon the level of unrestricted fund balance in the general fund at any one time. In establishing a policy governing the level of unrestricted fund balance in the general fund, a government should consider a variety of factors, including:

- 1. The predictability of its revenues and the volatility of its expenditures (i.e., higher levels of unrestricted fund balance may be needed if significant revenue sources are subject to unpredictable fluctuations or if operating expenditures are highly volatile);
- 2. Its perceived exposure to significant one-time outlays (e.g., disasters, immediate capital needs, state budget cuts);
- 3. The potential drain upon general fund resources from other funds, as well as, the availability of resources in other funds;
- 4. The potential impact on the entity's bond ratings and the corresponding increased cost of borrowed funds;
- 5. Commitments and assignments (i.e., governments may wish to maintain higher levels of unrestricted fund balance to compensate for any portion of unrestricted fund balance already committed or assigned by the government for a specific purpose). Governments may deem it appropriate to exclude from consideration resources that have been committed or assigned to some other purpose and focus on unassigned fund balance, rather than on unrestricted fund balance.

Use and Replenishment.

The fund balance policy should define conditions warranting its use, and if a fund balance falls below the government's policy level, a solid plan to replenish it. In that context, the fund balance policy should:

- 1. Define the time period within which and contingencies for which fund balances will be used;
- Describe how the government's expenditure and/or revenue levels will be adjusted to match any new economic realities that are behind the use of fund balance as a financing bridge;
- 3. Describe the time period over which the components of fund balance will be replenished and the means by which they will be replenished.

Generally, governments should seek to replenish their fund balances within one to three years of use. Specifically, factors influencing the replenishment time horizon include:

- 1. The budgetary reasons behind the fund balance targets;
- 2. Recovering from an extreme event;
- 3. Political continuity;
- 4. Financial planning time horizons;
- 5. Long-term forecasts and economic conditions;
- 6. External financing expectations.

Revenue sources that would typically be looked to for replenishment of a fund balance include nonrecurring revenues, budget surpluses, and excess resources in other funds (if legally permissible and there is a defensible rationale). Year-end surpluses are an appropriate source for replenishing fund balance.

Unrestricted Fund Balance Above Formal Policy Requirement. In some cases, governments can find themselves in a position with an amount of unrestricted fund balance in the general

fund over their formal policy reserve requirement even after taking into account potential financial risks in the foreseeable future. Amounts over the formal policy may reflect a structural trend, in which case governments should consider a policy as to how this would be addressed. Additionally, an education or communication strategy, or at a minimum, explanation of large changes in fund balance is encouraged. In all cases, use of those funds should be prohibited as a funding source for ongoing recurring expenditures.

Notes:

- 1. For the sake of clarity, this recommended practice uses the terms GAAP fund balance and budgetary fund balance to distinguish these two different uses of the same term.
- 2. These categories are set forth in Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.
- 3. Sometimes restricted fund balance includes resources available to finance items that typically would require the use of unrestricted fund balance (e.g., a contingency reserve). In that case, such amounts should be included as part of unrestricted fund balance for purposes of analysis.
- 4. See Recommended Practice 4.1 of the National Advisory Council on State and Local Budgeting governments on the need to "maintain a prudent level of financial resources to protect against reducing service levels or raising taxes and fees because of temporary revenue shortfalls or unpredicted one-time expenditures" (Recommended Practice 4.1).
- 5. In practice, a level of unrestricted fund balance significantly lower than the recommended minimum may be appropriate for states and America's largest governments (e.g., cities, counties, and school districts) because they often are in a better position to predict contingencies (for the same reason that an insurance company can more readily predict the number of accidents for a pool of 500,000 drivers than for a pool of fifty), and because their revenues and expenditures often are more diversified and thus potentially less subject to volatility.

6. In either case, unusual items that would distort trends (e.g., one-time revenues and expenditures) should be excluded, whereas recurring transfers should be included. Once the decision has been made to compare unrestricted fund balance to either revenues and/or expenditures, that decision should be followed consistently from period to period.

This best practice was previously titled Appropriate Level of Unrestricted Fund Balance in the General Fund.

Board approval date: Wednesday, September 30, 2015

City of Kingston Fund Balance Policy

A. Purpose:

For increased financial stability, the City of Kingston (City) desires to manage its financial resources by establishing a fund balance policy for the General Fund. This will ensure the City maintains a prudent level of financial resources to protect against reducing service levels or raising taxes and fees because of temporary revenue shortfalls, unexpected one-time expenditures, emergencies and disasters.

B. Background:

The Governmental Accounting Standards Board (GASB) issued GASB Statement Number 54, Fund Balance Reporting and Governmental Fund Type Definitions. Statement 54 abandons the reserved and unreserved classifications of fund balance and replaces them with five new classifications for Governmental Funds: non-spendable, restricted, committed, assigned and unassigned. The last three classifications comprise the unrestricted fund balance. The statement went into effect June 30, 2011. In April 2011, the Office of the State Comptroller (OSC) issued guidance on Fund Balance Reporting and Governmental Fund Type Definitions. The guidance addressed how the changes in GASB 54 were being implemented in the Annual Update Document and the effects on local government reporting.

C. Definitions:

- 1. <u>Fund Balance</u> Consists of the measurement of available resources and represents the difference between total assets and total liabilities.
- 2. Non-spendable Consists of the amounts that can not be spent because they are in a non-spendable form.
- 3. Restricted Consists of amounts that are subject to externally enforceable legal purpose restrictions imposed by certain creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation.
- 4. <u>Committed (Unrestricted)</u> Consists of amounts constrained to specific purposes by a government itself using its highest level decision making authority (Common Council). The Common Council must take formal action before the end of the fiscal year to add or remove a constraint.
- 5. Assigned (Unrestricted) Consists of amounts that are subject to a purpose constraintthat represents an intended use established by the government's highest level decision making authority (City Council), or by the Council's designated body or official. The purpose of the assignment must be narrower than the

purpose of the general fund. In funds other than the general fund, assigned fund balance will be the residual amount of fund balance.

6. <u>Unassigned (Unrestricted)</u> – This consists of all balances remaining after considering the other four categories for the general fund and could result in a surplus or a deficit. Use is least constrained in this category. In funds other than the general fund, the unassigned classification should only be used to report a deficit balance.

D. Classifications:

- 1. Non-spendable
 - Prepaid insurance
 - Inventory

2. Restricted (Reserves)

- Capital Reserves
- Tax Stabilization Reserves
- Debt Reserves
- Repair Reserves
- Insurance Reserve
- and other reserves allowed by State statutes.

Committed (Unrestricted)

 OSC believes that in most cases, local governments will not have committed fund balance to report primarily due to the fact that reserves are allowed by State statutes.

Assigned (Unrestricted)

- OSC believes that formal actions by the governing boards (resolutions, ordinances, and local laws) constitute a constraint of resources and will result in an assignment of resources.
- Encumbrances will typically be considered an assignment of fund balance.

Unassigned (Unrestricted)

• All other unassigned fund balances.

E. Policy:

1. Reserves

a. The City shall strive to maintain a level of reserves to guard its citizens against a service disruption because reserves are essential to dealing with unforeseen emergencies or changes in condition.

- b. Funding of reserves can come from surplus funds (excess of revenues over expenditures or one-time revenues) or other sources as designated by the Common Council.
- c. All expenditures from or uses of reserve will require prior Common Council approval by adoption of Use of Reserve Resolution.
- d. Reserves shall only be used for the purpose in which they are intended.

Unassigned (Unrestricted) Fund Balance

- a. The City shall strive to maintain an unrestricted unassigned fund balance level in the General Fund ranging between 10% 13% and 13% 20% of the total adopted budgeted expenditures of the General Fund.
- b. The City Comptroller shall annually calculate and report to the Common Council their compliance with this policy. In determining compliance, the following formula will be used: the audited balance available in the unrestricted unassigned fund balance of the City's General Fund for the most recently audited fiscal year, divided by the adopted expenditure budget (excluding Safety Net costs) for the ensuing fiscal year for the City's General Fund.
- c. In the event the unrestricted unassigned fund balance of the City's general fund exceeds the maximum requirements, the excess may be utilized for any lawful purpose approved by the Common Council. In order to minimize the long term effect of such use, the excess shall be appropriated to fund one time expenditures or expenses which do not result in recurring operating costs, or other one time costs including the establishment or increase in legitimate restrictions (reserves) of fund balance.
- d. In the event the unrestricted unassigned fund balance for the City's general fund falls below the minimum requirement of 10% 13% for any fiscal year, the Common Council shall strive to restore the balance to the minimum target level in the next budget year or other appropriate period of time.

F. Review:

This policy will subject to periodic review and adoption by the Common Council.

CITY OF KINGSTON

Office of Grants Management

Kristen E. Wilson, Director

Steven T. Noble, Mayor

May 28, 2021

Honorable Andrea Shaut President/Alderman-at-Large Kingston Common Council 420 Broadway Kingston, NY 12401

Re: 2021 Consolidated Funding Applications for State Grants

Dear President Shaut,

I am writing to request that consideration of resolutions for the City's 2021 New York State Consolidated Funding Applications (CFAs) be placed on the agenda of the appropriate committee in June. The CFA round is now open for the 2021 season with submissions due on July 30, 2021; the applications require authorizing resolutions, which will need to be passed at the July Common Council meeting. With this communication I am submitting draft resolutions for 5 City projects and 2 community organizations for consideration.

Currently, our team is working on the full details and budgets for five projects we plan to submit for funding. As we do not yet have complete budgets, the attached draft resolutions state the maximum amount of funding for which we can apply. A list of the projects with brief descriptions is also attached for your review. We may be able to provide more details regarding the grant budgets at the meeting because we will have had more time to develop our project proposals.

We will also share the May 2021 Grants Activity Update via email and on the grants page of the City website next week. If there are questions regarding our current grants, we are happy to answer them via email before the meeting or at the meeting.

Thank you in advance for your consideration.

Kristen & Wilson

Sincerely,

Kristen E. Wilson

Director

| | | |

RESOLUTION OF THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AUTHORIZING THE MAYOR TO SUBMIT AN APPLICATION TO THE NEW YORK STATE OFFICE OF PARKS, RECREATION & HISTORIC PRESERVATION (NYS OPRHP) FOR AN ENVIRONMENTAL PROTECTION FUND (EPF) PARKS PROGRAM GRANT IN THE AMOUNT OF \$500,000 FOR HEALTH AND SAFETY REPAIRS AND UPGRADES TO THE DIETZ STADIUM GRANDSTAND EXTERIOIR ENVELOPE

Sponsored by: Finance and Audit Committee Aldermen: Chairman Reynolds Scott-Childress, Tony Davis, Michele Hirsch, Steven Schabot, Don Tallerman

WHEREAS, the City of Kingston is eligible to apply to the NYS OPRHP for an EPF Parks Program Grant through the CFA for funds in an amount of \$500,000 for health and safety repairs and upgrades to the Dietz Stadium Grandstand in support of the Downtown Revitalization Initiative (DRI) Strategic Plan; and

WHEREAS, this application, should the grant be awarded, requires a match of 25% of the total project cost in the amount of \$166,667 to be provided by in-kind, and force account funds and, if necessary, bonding to be requested; and

WHEREAS, there are specific requirements and regulations governing the expenditure of these funds; and

WHEREAS, the action is categorized under 6 NYCRR, Part 617.5 as Type II.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AS FOLLOWS:

SECTION 1. Administration of all funds under this grant will be in accordance with all terms and conditions contained in guidelines provided by NYS OPRHP.

SECTION 2. The Mayor of the City of Kingston is hereby authorized and directed to file an application for funds from NYS OPRHP for an EPF Parks Program Grant in the amount of \$500,000 for improvements to the Dietz Stadium in the DRI Strategic Plan, and upon approval of said request to enter into and execute an agreement, and any and all related documents.

SECTION 3. This resolution shall take effect immediately.

City of Kingston 2021 CFA Season Summary

1) Kingston Point Park Phase 2

Funding Source: NYS DOS Local Waterfront Revitalization Program and NYS DEC Climate Smart

Communities Program
Total Project Cost: \$840,000

Application Amount: Grant Match Required:

Project Summary: The project includes two main components. The first is to design and construct a wetland at Kingston Point. This includes relocation and drainage improvements to; and potential milling, re-grading and repaving of; the flooded half of the existing main parking lot on the south side of Delaware Avenue, which also floods during high tide. Improvements should also address future sea-level rise at the site by raising the elevation of non-flooded half of the parking lot on the existing site, working within DEC regulations for a former closed ash landfill, and reduction of runoff into the nearby sensitive wetland to mitigate non-point source pollution. This project will look to increase the use of bioswales/constructed wetlands to treat and manage storm water runoff;

The second component is the design and construction of a safe and accessible pedestrian connection between the gateway to Rotary Park and the existing connector trail at the boundary between the Hutton Brickyard Property and Kingston Point. Crosswalks, sidewalks and pathways will define the linear connection that is critical to this gap in the Empire State Trail.

2) Kingston Point Rail Trail Phase 2

Funding Sources: NYS OPRHP Heritage Area Program

Total Project Cost: \$667,000

OPRHP Heritage Area Application Amount: \$500,000

OPRHP Parks Grant Match Required: \$167,000 (25% total project cost to be covered by RTP grant)

Project Summary: These grant will fund the construction of Kingston Point Rail Trail (KPRT) Phase 2, which is on the Kingston Greenline and the Empire State Trail. The KPRT Phase 2 Project begins at the Garraghan Drive Trailhead located across 9W from the Police Station in front of Rondout Gardens. It follows the historic rail line and ends at the intersection of the railroad tracks with East Strand St. just east of the wastewater treatment plant. This phase will include paving a 10-12 foot wide ADA-compliant path for pedestrians and bicyclists that will traverse over an old bridge, pass behind the Trolley Museum and through the Trolley Museum property leased from the City, and end at a small trailhead on East Strand St. The project entails several unique challenges in this urban environment including the regrading for ADA compliance, installation of retaining walls and adjustment of tracks to accommodate the trail and Trolley Museum trains in the same vicinity, and erection of fences to protect the Trolley Museum assets. The design will include rail with trail near the Trolley Museum, circulation to the Museum from the trail, interpretation of historical places and artifacts, and the construction of a small building to protect and interpret an exhibit of 9/11 artifacts acquired by the Museum.

3) Dietz Stadium Exterior Grandstand Repairs & Upgrades

Funding Source: NYS OPRHP - Parks Program

Total Project Cost: \$666,667 **Application Amount:** \$500,000

Grant Match Required: \$166,667 (25% total project cost)

Project Summary: This request will fund the construction of crucial repairs and upgrades to the exterior envelope of the main grandstand at Dietz Stadium. Work to be undertaken will include: resurfacing of the seating, repair to cracks and exposed reinforcing steel in the concrete, resealing of expansion joints, masonry repointing, replacement of concrete coping, replacement of railings, and addition of handrails at the steps. Completion of this work is necessary in order to move forward with additional repairs and upgrades to the interior athletes' locker rooms and other spaces.

4) Park & Trail Maintenance Equipment

Funding Source: NYS OPRHP - Recreational Trails Program

Total Project Cost: \$312,500 **Application Amount:** \$250,000

Grant Match Required: \$62,500 (20% total project cost for grant)

Project Summary: These grant funds will be used to purchase specialty equipment that will enable DPW to properly maintain the expanding system of recreational trails throughout the City's parks. DPW's existing heavy equipment used for plowing and mowing is too wide to navigate the narrow trail system. Smaller machinery is needed to plow, mow, sweep and generally keep trails clear and safe for users year-round. Items to be purchased may include but not be limited to a compact utility tractor, heavyduty loader bucket, hydraulic rotary broom, snowblower, and other specialty vehicle attachments.

5) Wastewater Treatment Plant Blowers

Funding Sources: NYSEFC GIGP Energy Efficiency Program and NYSDEC Water Quality Improvement

Program

Total Project Cost: TBD **Application Amount:** TBD

Grant Match Required: 25% total project cost for NYSEFC, 60% of award amount for NYSDEC

Project Summary: The project at the WWTP aims to bring the city into compliance with discharge limits that were lowered in 2016 under the City's SPDES permit. Specifically the nitrogen limits were reduced to 5.9 mg/L (Summer) and 9.0 mg/L (Winter). In 2018, the City entered into a contract with Tighe and Bond to analyze alternatives and to design improvements that will enable it to meet the permit requirements. Planning and design work have been underway since that time. A significant design effort was a mixing zone and low-flow analysis of the Rondout Creek. Based on this effort, the DEC agreed to effluent limits of Summer maximum 18 mg/Land Winter maximum 29 mg/L. These are higher than originally anticipated and therefore favorable to the City. Once these limits were agreed to by NYSDEC, A two-pronged approach was designed to bring the plant into compliance.

First, improvements will be made to the outfall piping to the Rondout Creek and second, improvements to the processes within the plant will be made. The outfall improvements will consist of lowering the outfall point of the double 20-inch outfall pipes from their present location near low tide and near the shore to a point 20-ft below the low tide and further into the channel of the creek. This will have benefits of enhancing mixing and dilution of treated wastewater to avoid adverse effects to water quality. The construction cost of the outfall improvements has been estimated at \$1.7 million. The

process improvements will mainly include altering the aeration tanks, aerators, blowers, air piping, and related controls in order to implement seasonal nitrification / de-nitrification. This will lower the concentration in the treated wastewater enough that, in conjunction with the outfall improvements, the city will be in compliance with the permitted concentration limits. The construction cost of the process improvements has been estimated at \$6.5 million. Design and construction administration costs are estimated at \$1.5M, much of which has already been expended. Thus the total project cost is estimated at \$9.7 million. Final design is now complete and the project has begun permitting with DEC. We expect to bid the work as multiple projects in late 2021 / early 2022. Construction is expected to occur during 2022 and 2023.

Community Applications

Jewish Federation Reher Center – The Reher Center requests an endorsing resolution for their Reher Bakery Restoration Project to restore their building. They are developing the building at 99-101 Broadway into a cultural center and museum that focus on immigrant stories of the Hudson Valley by preserving and revitalizing the rare intact 19th-century building. The restoration will enable the building to function as an interpretive center for tours and programs on the themes of immigration, community, industry, and bread, as well as to honor the Reher family's legacy and history of the Rondout neighborhood.

Transart – Transart requests endorsing resolutions for: 1) a program to strengthen tourism and attract visitors to New York State, Kingston and the Mid-Hudson Valley for a marketing initiative to promote Pinkster 2022, a creative placemaking festival celebrating the 400 year history of African Americans in the city and environs of the City of Kingston and 2) completion of the Burger-Matthews House restoration project located at 105-107 Henry Street in the City of Kingston

RESOLUTION OF THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AUTHORIZING THE MAYOR TO SUBMIT AN APPLICATION TO THE NYS DEPARTMENT OF CONVERSATION (NYSDEC) IN AN AMOUNT UP TO \$10,000,000 TO IMPLEMENT IMPROVEMENTS TO THE KINGSTON WASTEWATER TREATMENT PLANT

Sponsored by: Finance and Audit Committee Aldermen: Reynolds Scott-Childress - Chairman, Tony Davis, Michele Hirsch, Steven Schabot, Don Tallerman

WHEREAS, the City of Kingston is eligible to apply to the NYSDEC Water Quality Improvement Program for funds in an amount of up to \$10,000,000 for improvements to the wastewater treatment plant; and

WHEREAS, this application, should the grant be awarded, requires a match of 60% of the award amount in an amount up to \$6,000,000 to be provided by another grant, in-kind, and force account funds and, if necessary, bonding to be requested; and

WHEREAS, there are specific requirements and regulations governing the expenditure of these funds; and

WHEREAS, the action is categorized under 6 NYCRR, Part 617.5 as Type II.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AS FOLLOWS:

SECTION 1. Administration of all funds under this grant will be in accordance with all terms and conditions contained in guidelines provided by NYSDEC.

SECTION 2. The Mayor of the City of Kingston is hereby authorized and directed to file an application for funds from NYDEC Water Quality Improvement Program in an amount up to \$10,000,000 for improvements to the wastewater treatment plant, and upon approval of said request to enter into and execute an agreement, and any and all related documents.

RESOLUTION OF THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AUTHORIZING THE MAYOR TO SUBMIT AN APPLICATION TO THE NYS OFFICE OF PARKS, RECREATION, AND HISTORIC PRESERVATION RECREATIONAL TRAILS PROGRAM (NYS OPRHP RTP) IN THE AMOUNT OF \$250,000 TO PURCHASE TRAIL MAINTENANCE EQUIPMENT FOR CITY OF KINGSTON PARKS

Sponsored by: Finance and Audit Committee Aldermen: Reynolds Scott-Childress - Chairman, Tony Davis, Michele Hirsch, Steven Schabot, Don Tallerman

WHEREAS, the City of Kingston is eligible to apply to the NYS OPRHP Recreational Trails Program for funds in an amount of \$250,000 for the purchase of Trail Maintenance Equipment for City of Kingston parks; and

WHEREAS, this application, should the grant be awarded, requires a match of 20% of the total project cost in the amount of \$62,500 to be provided by another grant, in-kind, and force account funds and, if necessary, bonding to be requested; and

WHEREAS, there are specific requirements and regulations governing the expenditure of these funds; and

WHEREAS, the action is categorized under 6 NYCRR, Part 617.5 as Type II.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AS FOLLOWS:

SECTION 1. Administration of all funds under this grant will be in accordance with all terms and conditions contained in guidelines provided by NYS OPRHP.

SECTION 2. The Mayor of the City of Kingston is hereby authorized and directed to file an application for funds from NYS OPRHP Recreational Trails Program in the amount of \$250,000 for the purchase of Trail Maintenance Equipment for City of Kingston parks, and upon approval of said request to enter into and execute an agreement, and any and all related documents.

RESOLUTION OF THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, ENDORSING SUPPORT FOR THE JEWISH FEDERATION OF ULSTER COUNTY, INC. FOR A GRANT FROM THE ENVIRONMENTAL PROTECTION FUND UNDER THE NEW YORK STATE OFFICE OF PARKS, RECREATION, AND HISTORIC PRESERVATION FOR THE REHER BAKERY RESOTRATION PROJECT, WHICH WILL INCLUDE COMPREHENSIVE REPAIRS AND UPGRADES TO THE EXTERIOR ENVELOPE OF THE REHER CENTER'S 101 BROADWAY BUILDING

Sponsored by: Finance and Audit Committee Aldermen: Reynolds Scott-Childress - Chairman, Tony Davis, Michele Hirsch, Steven Schabot, Don Tallerman

WHEREAS, the Jewish Federation of Ulster County, Inc., is applying to the New York State Office of Parks, Recreation and Historic Preservation for a grant under the Environmental Protection Fund for the restoration of 99-101 Broadway, Kingston, New York, a site located within the territorial jurisdiction of the Council;

WHEREAS, 99-101 Broadway is the home of the historic Reher Bakery, which is currently being developed into a cultural center and museum that focuses on immigrant stories of the Hudson Valley by preserving and revitalizing this rare intact 19th-century building;

WHEREAS, the restoration of 99-101 Broadway is imperative for the building to function as an interpretive center for tours and programs on the themes of immigration, community, industry, and bread, as well as to honor the Reher family's legacy and the history of the Rondout neighborhood;

WHEREAS, 99-101 Broadway is listed in the National Register of Historic Places as a contributing building in the Rondout Historic District, and is located in the Kingston Heritage Area;

WHEREAS, 99-101 Broadway is singled out as one of three best surviving examples of late 19th c. architecture in the nomination for the Rondout Historic District.

WHEREAS, the Jewish Federation of Ulster County, Inc., a 501c3 non-profit organization incorporated in the state of New York, is the owner of 99-101 Broadway; and

WHEREAS, the grant application requests that the applicant obtain the approval and endorsement of the governing body of the municipality in which the project will be located,

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AS FOLLOWS:

SECTION 1. The Common Council of the City of Kingston, New York, approves and endorses the application of the Jewish Federation of Ulster County, Inc. for a grant under the Environmental Protection Fund for a project known as the Reher Bakery Restoration Project and located within this community.

RESOLUTION OF THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, ENDORSING SUPPORT FOR TRANSART AND CULTURAL SERVICES, INC. FOR A GRANT FROM THE NYS EMPIRE STATE DEVELOPMENT (ESD) MARKET NY PROGRAM FOR A MARKETING INITIATIVE TO PROMOTE PINKSTER 2022.

Sponsored by: Finance and Audit Committee Aldermen: Reynolds Scott-Childress - Chairman, Tony Davis, Michele Hirsch, Steven Schabot, Don Tallerman

WHEREAS, TRANSART and Cultural Services Inc., Inc. a New York State not for profit corporation, has prepared to submit a 2021 Consolidated Funding Application (CFA) for grant funding from the Empire State Development Market New York Program to strengthen tourism and attract visitors to New York State, Kingston and the Mid-Hudson Valley for a marketing initiative to promote Pinkster 2022, a creative placemaking festival celebrating the 400 year history of African Americans in the city and environs of the City of Kingston; and

WHEREAS, the project will have an economic impact throughout the region by attracting tourists from around the state and nationally; and

Whereas, presenting Pinkster 2022 will serve the residents of the City by providing seasonal jobs and opportunities for makers to promote and sell their wares, and restoring pride of culture to the City's African American community and all who work, live and play here; and

WHEREAS, the grant application requests that the applicant obtain the approval and endorsement of the governing body of the municipality in which the project will be located.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AS FOLLOWS:

SECTION 1. The Common Council of the City of Kingston, New York, approves and endorses the application of Transart and Cultural Services, Inc. for a grant under the Empire State Development Market NY Program for a project known as Pinkster 2022 and located within this community.

RESOLUTION 25 OF 2021

RESOLUTION OF THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AUTHORIZING THE MAYOR TO SUBMIT AN APPLICATION TO THE NYS ENVIRONMENTAL FACILITIES GREEN INNOVATION GRANT PROGRAM (NYSEFC GIGP) IN THE AMOUNT OF \$5,100,000 TO CONSTRUCT ENERGY EFFICIENT BLOWERS IN THE WASTE WATER TREATMENT PLANT

Sponsored By:

Finance/Audit Committee: Alderman Scott-Childress, Tallerman, Davis, Kirsch /, Schabot

WHEREAS, the City of Kingston is eligible to apply to the NYSEFC Green Innovation Grant Program for funds in an amount of \$5,100,000 for construction of Energy Efficient Blowers in the Waste Water Treatment Plant; and

WHEREAS, this application, should the grant be awarded, requires a match of 25% of the total project cost in the amount of \$1,275,000 to be provided by another grant and/or, if necessary, bonding to be requested; and

WHEREAS, there are specific requirements and regulations governing the expenditure of these funds; and

WHEREAS, the action is categorized under 6 NYCRR, Part 617.5 as Type II.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AS FOLLOWS:

SECTION 1. Administration of all funds under this grant will be in accordance with all terms and conditions contained in guidelines provided by NYS DEC.

SECTION 2. The Mayor of the City of Kingston is hereby authorized and directed to file an application for funds from the NYSEFC Green Innovation Grant Program in the amount of \$5,100,000 for construction of Energy Efficient Blowers in the Waste Water Treatment Plant, and upon approval of said request to enter into and execute an agreement, and any and all related documents.

Whereas, Sojourner Truth, nicknamed "the Daughter of Esopus", born enslaved, was given the name Isabella Baumfree at birth. She was born near Rondout Creek in the Town of Hurley, New York. Although her exact birth date is unknown, it is believed she was born around 1797. Between the years 1640 and 1827 there were thousands of Africans and African Americans enslaved in Ulster County; The infrastructure of Ulster County was built by highly skilled enslaved people and the economy was driven by their labor; and

Whereas, The stone houses in which she was enslaved still stand, bearing witness to those who built them; as the youngest of at least 10 children, many of Truth's siblings were kidnapped for sale. Truth was sold for the first time at nine years old; after years of enduring physical and sexual abuse, Truth escaped on foot carrying her infant daughter, Sophia, from the enslaver that had tortured her, having to leave behind her 3 other children. Though pursued, she was able to take refuge with a local family from 1826-1827; and

Whereas, Truth was a self educated intellectual; fluent in English and Dutch. In 1843 Truth was compelled to change her name, recognizing the power of her own image. Her autobiography, The Narrative of Sojourner Truth, focuses on seeking justice and the empowerment of Women and People Of Color. Truth would come to represent the thousands of voices and stories from this area that were never shared or cherished; Truth's unprecedented barefoot walk through Kingston to the County Courthouse to free her young son, Peter, from illegal enslavement is a testament to her strength, resistance, and sense of justice; and

Whereas, by recognizing Sojourner Truth every year, we recognize her victory as a local and national hero who's acknowledgment is long overdue. Truth remains a transcendental Black Woman. She was a true anti-racist, actively working against the injustices of her day. She passed away on November 26, 1883, however her legacy lives on through the present and ongoing fight for justice today; and

Whereas, In remembering Truth's legacy, we should be thankful for the work done in the past, thankful for our ability to enact change in the present, and thankful for the hope of equity and justice in the future. Let us all be inspired by Sojourner Truth's brave activism.

Whereas, The values that Sojourner Truth lived by, such as abolitionism and anti-racism, are the values that we hope the Kingston community, including the local government, reflect in their actions. In the past, the Kingston government has not been completely committed to anti-racism; This has shown in policing, building developments, and delayed support for anti-racist policy change proposed by local frontline organizations.

Therefore, Be It Resolved, that we will take this moment, brought to us by a coalition of Kingston activists, to take accountability and commit to prioritizing the marginalized community members that reside in our area. With the help of local organizations and individuals already committed to anti-racism, we shall strive to create a more inclusive, equitable Kingston.

Be It Further Resolved, that the City of Kingston Common Council proclaim November 26th as Sojourner Truth Day in the City of Kingston and urge all residents to recognize that this is a day for people of all races, creeds and backgrounds to celebrate and come together in unity.

Fwd: Communication - Hot-spots in Kingston

Here is the 2nd communication. Thanks Elisa.

----- Forwarded Message ------

Subject:Communication - Hot-spots in Kingston Date:Thu, 27 May 2021 21:14:22 +0000

From:Tallerman, Donald <dtallerman@kingston-ny.gov>

To:Shaut, Andrea <ashaut@kingston-ny.gov>, Worthington, Rita <ward4@kingston-ny.gov>, Tinti, Egidio <etinti@kingston-ny.gov>, Noble, Steve <SNoble@kingston-ny.gov>

Hello President Shaut -

This communication is being presented by me and Rita Worthington.

As you know, Kingston has numerous "hot spots", locations that have been identified as involved in violent crimes or drug use. These locations are provided to KPD via their crime analyst through evidence based policing principles.

One of the best ways to interfere and break up these troubled buildings is to continually watch them, to be able to intervene when there is illegal activity. In the ideal situation, we would station an officer 24/7 near a hot spot for this purpose. Unfortunately we do not have the luxury to budget for such surveillance.

Luckily, there have been significant advances in technology that would allow us to temporarily install surveillance cameras on City property (light poles) to monitor these hot spots. The cameras would be positioned as to not infringe on the privacy of individuals but still allow KPD to monitor activity around those hot spots. We would be able to identify vehicles & people involved in illegal activity. This has proven to be an effective method of investigation in other cities.

Chief Tinti would like to make a presentation to the Council to present this idea in more detail.

Thank you for your support.

Henry Street Bluestone Sidewalks Communication

Attachments:

2021-05-27 Letter for Henry Sidewalk Material Choice.pdf; DRAFT Resolution-Authorize Amendment to Bond Henry Street Safe Routes to School - Historic Bluestone.docx; DRAFT Resolution-Authorize Amendment to Bond Henry Street Safe Routes to School - New Bluestone.docx; Henry Bluestone Committee Report-Finance Committee 2021.docx

Dear Andrea and Elisa,

Please see the attached communication to Council regarding the sidewalk material choice on Henry Street. I have discussed this letter with Rennie prior to submitting it. I have also attached two possible bond resolutions for the Council to consider in the event that they would like to choose one of the two bluestone options. I attached a committee report with blanks to fill in if they choose one of the options. If they choose concrete, then no additional bond resolution is needed at this time.

Thank you,

Kristen

Honorable Andrea Shaut President/Alderman-at-Large Kingston Common Council 420 Broadway Kingston, NY 12401

Re: Sidewalk Material Choice on the Henry Street Safe Routes to School Project

Dear President Shaut,

The Office of Grants Management requests placement on the agenda of the appropriate committee to discuss the material choice and funding of sidewalks on the Henry Street Safe Routes to School project.

The engineering consultant firm for the project, GPI, and City staff will make a presentation regarding strengths/benefits and weaknesses/challenges of various sidewalk material choices including concrete, new bluestone, and the restoration of existing bluestone.

The presentation will highlight an area within the project limits for material choice along the southern end of the Fair Street Historic District. The sidewalks in question are not in the historic district. They are outside it along the border of the historic district. The presentation will explain how ADA compliant sidewalks can be built with each material choice, outline the future maintenance needs of each material, and share the costs associated with each choice.

While Council does not generally have a role in material choices on projects (benches, trees, paver color, etc.) it has had a role in sidewalk material choice when it created the legislation for sidewalks. The code states in section 358-3.B(6), "In areas of the City that are not designated as historic districts or a landmark and where there are long stretches of historic bluestone, reusing salvaged historic bluestone from the stretch itself or from the City's bluestone bank shall be considered where practicable." The word "practicable" could be interpreted in many ways. Its definition is "able to be done or put into practice successfully." To determine what is practicable, we must know if it is able to be funded. One of the limiting factors for constructing bluestone on Henry Street is funding, which the Council decides. Staff would like to know if the Council is amenable to funding bluestone on Henry.

Furthermore, this presentation will enable the Council to better consider future similar decisions. The question of materials and cost will come up on future transportation projects. For example, the Safe and Accessible Flatbush and Foxhall Project has larges stretches within the project area where bluestone exists in various conditions.

CITY OF KINGSTON

Office of Grants Management

grants@kingston-ny.gov

Kristen E. Wilson, Director

Steven T. Noble, Mayor

Following the presentation, that will ideally happen at the June Finance and Audit Meeting, we ask that the Council pass a resolution selecting the sidewalk material choice for this project. If one of the bluestone options is chosen, we ask that the Council commit to funding the material by increasing the bond amount for the Henry Street project.

We anticipate that Council members and the community may need some time to digest the presentation and the material, yet we are on a tight timeline in order to finish the final design, submit it to NYSDOT for approval, and bid the project for construction during the 2022 season. We suggest that the Council consider the deciding resolution at a Special Finance meeting before the July Common Council meeting. Then GPI will be able to advance the final design in a timely manner in order to meet our deadlines for 2022 construction.

Thank you for your consideration.

Sincerely,

Digitally signed by Kristen Wilson Kristen Wilson DN: cn=Kristen Wilson, o=City of Kingston, ou=Office of Grants Management, email=kwilson@kingston-ny.gov, Date: 2021.05.27 20:04:56 -04'00'

Re:

NYSDEC Urban and Community Forestry Grant (DEC01-UCF2-2019-00070)

Citywide Tree Planting Program - Award \$50,000

Dear Pre. Shaut:

As you may already be aware, the City of Kingston was awarded a grant for \$50,000 to undertake a citywide street tree planting program. For some background information, this is the third grant in a series of projects to improve the City's streetscape by addressing the needs of the urban forest. Our first grant was to undertake a Citywide Street Tree Inventory and Management Plan. This was undertaken and completed in 2018. Based on that work, the City applied for and received a grant to remove trees which were identified as priority. We successfully removed 82 trees that ultimately had been deemed to be issues of public safety and closed that grant out in 2020. Looking ahead, we then applied for this current grant to continue our progression and plant street trees to fill voids identified in the Inventory. The Citywide Tree Planting Grant will plant an estimated 70-90 trees throughout the City with a focus on areas that are currently lacking in tree cover and shade. It is our goal to look for a planting in Spring of 2022, with a possibility of completion of Fall 2022.

We are seeking a resolution of the Common Council authorizing the Mayor to expend funds and execute any and all related documents to carry out the work program as prescribed under our grant authorization. Under full disclosure we will be incorporating the required budget lines within the FY 2022 budget for Shade Trees.

If there are any questions, please do not hesitate to contact our office to discuss.

Be well and stay safe.

Sincerely,

Suzanne Cahill Planning Director

Re: FW: [EXTERNAL EMAIL] Electric repair at marina

Hi Ed,

I spoke with Pat Sheehan on Thursday and saw the issues on A Dock electrical. The outlet that he showed me is not in stock in the kingston electrical supply house. I have ordered the replacement outlet for the worn out recepticle and will install when it comes in.

He also asked me to replace the electrical boxes installed on the bulk head that encase the recepticles. They are plastic and the mounting tabs have broken off then the cords are yanked on or out.

The outlets feed through the other boxes. All the wire would have to get pulled out to replace the boxes. The wire is likely brittle and would have to be replaced if pulled out. I would have to size the wire correctly and correct size conduit. The rough price I came up for the material is likely up around \$2,000.

Please let me know how you would like me to proceed.

5.24.21 Contingency Transfer DPW.pdf

Good Morning President Shaut & Elisa,

Please see attached proposed budget transfer from contingency to DPW's operating account for traffic control.

The funds are for the street sign installment project that was approved by the Public Safety Commission.

We respectfully request this be submitted to the Council for review.

(I will submit a signed copy when Ed returns to the office).

Your consideration is appreciated, thank you.

Kind Regards,

Office of The Comptroller

CPO Box 1627 City Hall, 420 Broadway

May 12, 2021

Alderman at Large Andrea Shaut City of Kingston Common Council Kingston, NY 12401

RE: City of Kingston 2020 Annual Financial Report

Dear Alderman at Large Shaut,

I am forwarding the City's 2020 Annual Financial Report for your review and records. Please note that this report is unaudited and that the City's 2020 financial results are subject to adjustment as part of our independent audit.

Highlights of the 2020 Annual Financial Report

Financial results in the General Fund were generally favorable despite the impacts of the Covid-19 pandemic, in large part due to proactive measures taken to reduce spending when expected Covid-19 revenue impacts were very significant.

Total General Fund revenues of \$43,044,679 exceeded the original 2020 budget by \$37,536. Early in the pandemic, sales tax collections were tracking significantly below budget and prior year actuals. As of April 2020, sales tax collections were \$530,793 and 11.30% lower than the prior year on a year to date basis. Collections for the remainder of the year improved slowly but remained volatile with two very sizable positive adjustments. The final tally on sales tax ended with the City exceeding budget by \$312,515, a tremendous improvement from where the City stood earlier in the pandemic. A similar story played out with NYS AIM funding. The City had been informed early in the pandemic that there would be a 20% (\$613,820) withholding of state aid with uncertainty of whether the cut would become permanent. It wasn't until after year end that the City learned that the remaining 20% would be released (notification of 15% release January 2021 and notification of 5% release April 2021).

Total General Fund expenditures of \$41,416,212 were \$3,048,121 less than the original 2020 budget. This variance was primarily due to city-wide reductions in spending due to the expected impact of the Covid-19 pandemic.

Total fund balance in the General Fund has increased from \$10,892,726 to \$12,521,194. Unassigned fund balance increased to \$9,242,518, 21.4% of 2021 budgeted expenditures.

Total net assets (comparable to fund balance) in the Sewer Fund increased from \$5,037,322 to \$7,196,117. Unrestricted net assets in the Sewer Fund increased from negative \$8,093,294 to negative \$6,115,693. OPEB costs, which cannot be pre-funded, are a \$9,124,498 liability as of 12/31/20. OPEB costs are expected to continue to cause instability and stress on net assets in the Sewer Fund.

Sincerely

John R. Fuey

Comptroller, City of Kingston
