Subject: FW: Communication for Finance

Good evening,

Please be aware that I have accepted the following communication as a late communication for Wednesday's Finance meeting. Because of its time sensitive nature and importance, I believe it is appropriate to make an exception. As you can see, Rita will be present to answer any of your questions.

Rita – thank you for bringing this to us. I look forward to the conversation.

Kindly yours,
Andrea

Subject: Communication for Finance

Hi Andrea:

Please forward a communication from me to finance asking for \$20,000.00 from the contingency fund. This money would be used as start-up monies for the anti-gun violence program SNUG. I've spoken to both the Mayor and John Tuey about this and they both agree that this is a viable use for the funds. I'll be glad to attend this month's finance meeting to explain more about the program and answer any questions.

Thank you.
Rita M. Worthington
Alderwoman, Ward 4
