Subject: [EXTERNAL EMAIL] Public Hearing for Land Transfer to KLDC for Kingstonian Project

I am opposed to giving away Fair Street Extension to the Developers... And against the closing of this important city street for a parking garage.

Closing Fair Street Extension will impact traffic in UpTown..

Subject: Kingstonian Project

First, I want to let you know my opposition to any payment in-lieu of taxes deals and other deferments to any for profit development.

At the beginning of requests for public input on the Kingstonian Project, I sent a letter expressing my disapproval of the give away, of the Fair Street Extension for the Kingstonian Project. This would have a negative impact on traffic, and a loss to Uptown.

I would like to see Kingston keep the existing municipal lot on Swenck Drive and Fair Street Extension.

The Kingstonian developers could go back to the drawing board, and propose a smaller development, eliminating the need for the Fair Street Extension, and provide parking only for tenants.

Also, go with geothermal for temperature control in their building, and make it a lot Greener.

Dear Kingston Common Council Finance Committee, % Elisa Tinti, City Clerk

I am writing in support of the Kingston Common Council transferring the former uptown garage property (21 N. Front St.) to the Kingston Local Development Corporation (KLDC). This action is aligned with the original RFQ issued by the City and will permit the former garage site to be reconstructed as part of a mixed-use development project.

It clearly remains in the best interests of our community to continue to pursue the City's original goals of fostering a development project that offers a multitude of public benefits to residents of our area. This action will allow the original mission to move forward.

I am writing with OBJECTION to the Kingstonian complex which veers toward assuming public parking facilities for private use and moves toward gentrified housing rather than a larger percentage of the needed affordable housing units in Kingston.

I am NOT in favor of transferring the former uptown garage property (21 N. Front St.) to the Kingston Local Development Corporation (KLDC).

It clearly remains in the REDUCED interests of our community to allow this project to move forward. When so many residents of our area are verging on homelessness and live in poverty it would behoove the city to build tiny houses in the empty lot on Broadway or to assume other properties for low income and affordable housing. The Kingstonian is in sharp contrast to meeting these needs..

It would be wonderful to have upscale apartments available in our historic uptown area. So many empty nesters would sell their homes, if this was available to them. This population frequents restaurants and would make Wall Street a populated area with foot traffic once again. Foot traffic equals business, needed so much after our winters isolation.

Subject: [EXTERNAL EMAIL] The Kingstonian - 2/25 Common Council Finance Meeting

Dear Ms. Tinti,

I will not be available to speak at the February Common Council Finance Committee meeting, but I would like it on record that both my husband, James Donovan, and I fully support moving forward on The Kingstonian.

This is the most important project that has happened for Kingston in decades.

Everyone involved, whether directly or indirectly, has worked and thought so hard for so long for this project , it just needs to move forward before we all lose out.

I ask that the committee vote in favor of the transfer of the city owned parking lot property located at 21 North Front Street to the Kingston Local Development Corp with the knowledge that this property will be returned to the City of Kingston should The Kingstonian project not move forward.

Thank you.

Most Sincerely,
Julie Donovan

Dear Kingston Common Council Finance Committee, % Elisa Tinti, City Clerk

I am writing in support of the Kingston Common Council transferring the former uptown garage property (21 N. Front St.) to the Kingston Local Development Corporation (KLDC). This action is aligned with the original RFQ issued by the City and will permit the former garage site to be reconstructed as part of a mixed-use development project.

It clearly remains in the best interests of our community to continue to pursue the City's original goals of fostering a development project that offers a multitude of public benefits to residents of our area. This action will allow the original mission to move forward.

Thank you for your service

Dear Kingston Common Council Finance Committee, % Elisa Tinti, City Clerk

My name is Donald Riester and I was relocated to Kingston by IBM in the early 1960's. My wife and I fell in love with the area and raised our 7 seven children in the house we purchased on Franklin St and owned up until a few years ago before moving to Twin Ponds. Three of my children still currently live in Kingston where they are raising their families but my other four children have moved to other parts of the country to pursue career opportunities. It is great to see people discovering our great City and even more encouraging to see some of the employment opportunities they are bringing with them.

I am writing in support of the Kingston Common Council transferring the former uptown garage property (21 N. Front St.) to the Kingston Local Development Corporation (KLDC). And kudos to Kingston Citizens and Ms Martin.

My, how time flies. I've been in Kingston in one way or another for well over 50 years and I am delighted with the progress in Kingston, very noticeable under Steve Noble... and Ms Martin who empowered the South Pine Street Farm and the renewal of the African American Grave Yard, worked to secure our water supply!!! and so much more. Talent and results like that cannot be measured in dollars, it really cannot: it requires incredible skill and oh so much heart.

See you this Thursday

Dear Kingston Common Council Finance Committee, % Elisa Tinti, City Clerk

I am writing in support of the Kingston Common Council transferring the former uptown garage property (21 N. Front St.) to the Kingston Local Development Corporation (KLDC). This action is aligned with the original RFQ issued by the City and will permit the former garage site to be reconstructed as part of a mixed-use development project.

It clearly remains in the best interests of our community to continue to pursue the City's original goals of fostering a development project that offers a multitude of public benefits to residents of our area. This action will allow the original mission to move forward.

Thank you for your service.

Thank You,
