Their responsibilities include, but are not limited to, "conduct[ing] public hearings and other sessions for the purposes of obtaining the views of citizens on community development and housing needs and planning for the use of the City's annual community development grant application."

These members will attend public meetings and regularly scheduled Board meetings and work to assist the Mayor, Common Council, and Office of Community Development in creating safe, sustainable, viable neighborhoods in Kingston by providing decent housing and a suitable living environment and expanding economic opportunities, principally for low- and moderate-income residents. The primary means toward this end are to extend and strengthen partnerships among all levels of government and the private sector, including for-profit and nonprofit organizations, and to aid in the production and operation of affordable housing.
