- ★ Trail Head
- Parks
- Water

PLANNING - Set goals for project and develop conceptual plans.

DESIGN - Choose exact routes and infrastructure elements. Create design plans and engineering construction documents.

BUILD - Construct the project based on the engineering documents.

OPEN - Routes are open for use.

The Kingston Greenline is an initiative of the Kingston Land Trust in partnership with the City of Kingston and Ulster County. Maps funded through a grant from the American Planning Association Plan4Health Project to Cornell Cooperative Extension of Ulster County for the Live Well Kingston Coalition. This map should not be used for navigation or legal purposes. It is intended for general reference use only.
