Subject: Agenda items for Thursday's public hearing

Hi Elisa,

Along with the original communication from the mayor regarding the partial abandonment of Fair St. Extension, can you include a copy of the map in the below link? I received this from the mayor's office after inquiring about a map that shows where the partial abandonment would be. Although the project's design still needs to be approved and may potentially have changes to it, the map does show the location of the street that the council and the public should be aware of ahead of the public hearing. Please do include this email as well.

Thank you,

Andrea Shaut

Council President, City of Kingston
