Hi Elisa,

Can you print this email and place it with the Public Safety & General Gov agenda? I will follow up with an updated agenda email.

Alderwoman Edwards has requested the removal of a handicap sign at 18 Belvedere St. The signage is no longer needed.

Thank you!

Good afternoon President Shaut,

Please accept this communication regarding stop signs at the intersection of Montrepose and W. Pierpont Steet for inclusion on the agenda for April's Public Safety Committee meeting. I have copied John Shultheis so that he can do the necessary study.

Thank you.

With kind regards,

Michele Hirsch

Subject: Stop signs at intersection of Montrepose and W Pierpont?

Hi Michele,

I think there should be a three-way stop at the intersection of W Pierpont and Montrepose, which would mean adding two stop signs -- see illustration below.

This is a bit of a blind hill on both sides of W Pierpont, and little kids often play in the street here. Pulling out from the driveway next to my house (the one with the star in the illustration) always feels dangerous, and I have a newborn and a three-year old in the car with me.

Can you let me know what the process would be to propose and install new stop signs?

Thanks,

Jon
