Re: Kingston Point Wetland Restoration and Public Access Improvement SEQR

Dear President Shaut,

I would like to request the following for placement on the appropriate committee agenda for July.

The City of Kingston recently received a funding award, the Kingston Point Wetland Restoration and Public Access Improvement Project, which is funded through the NYS Department of State Local Waterfront Revitalization Program. The City of Kingston will restore wetlands and construct an access point to the water at the confluence of the Rondout Creek and Hudson River to enhance community resiliency, support waterfront revitalization efforts, and provide access to a unique riverine habitat. The project includes the demolition of two condemned City-owned houses in the flood zone on North Street, development of a small parking area, and construction of a boardwalk and pier with educational interpretive signage.

To commence the SEQR review process, my office, with Corporation Counsel, has reviewed 6 NYCRR 617 to identify the appropriate SEQR action level and are drafting up the Short Environmental Assessment Forms. We will have these forms to you in advance of the appropriate July committee meeting for your consideration.

Thank you for your consideration.

Re: Kingston Point Beach NYSWIMS SEQR

Dear President Shaut,

I would like to request the following for placement on the Laws and Rules Committee agenda for July.

As a follow up to Resolution 93 of 2025 (attached herein), a coordinated review has commenced and Involved and Interested Agencies have received communication from my office requesting their reply by July 6th to either consent to the Common Council serving as Lead Agency or not consent.

By the date of the July 16th Laws and Rules meeting, the required 30-day period will have expired and we will have received all final communications from Agencies. I would propose, after consideration of all comments, assuming no objections, that the Common Council affirm itself as Lead Agency. I would also like to request that the Common Council, upon reviewing all comments submitted by July 6th, renders a Determination of Negative Environmental Significance.

Background: The City has received funding from DASNY's NYSWIMS Grant to implement a design of multi-tiered raised terraces to connect upland areas on either side of the existing beach to provide flood mitigation and protect the interior of Kingston Point against sea level rise. The primary objective of the project is to promote resiliency through the protection and management of natural resources and sensitive ecosystems while protecting and reinforcing the shorelines.

If there are any questions, I will be present at the July Laws and Rules meeting to speak to this request. Thank you for your consideration.

Sincerely,

Julie L. Noble
Project Manager

Sponsored By: Laws & Rules Committee: Alderman Hirsch, Scott-Childress, Pasti, Dennison, Mickens

WHEREAS, the City has received funding from DASNY's NYSWIMS Grant to implement a design of multi-tiered raised terraces to connect upland areas on either side of the existing beach to provide flood mitigation and protect the interior of Kingston Point against sea level rise; and

WHEREAS, the primary objective of the project is to promote resiliency through the protection and management of natural resources and sensitive ecosystems while protecting and reinforcing the shorelines.; and

WHEREAS, the project consists of building multi-tiered raised beach terraces, a boat (kayak) launch, a pier, and a promenade between the parking lot and the beach; and

WHEREAS, a request has been made for the Common Council of the City of Kingston to be lead agency for the Kingston Point Beach Swimming Facilities Project; and

WHEREAS, after reviewing 6 NYCRR 617 it has been determined that the Project is an Unlisted Action under SEQR, and is not on the Type 1 or Type II lists; and

RE: 49 Park Street, City of Kingston, New York
SBL: 56.26-5-4.100

Dear Alderman Shaut:

I represent Melissa Wheeler and Anthony R. Tiano, the owners of the above referenced premises which is a vacant lot. My clients purchased the lot from Timothy Charest on August 12, 2022.

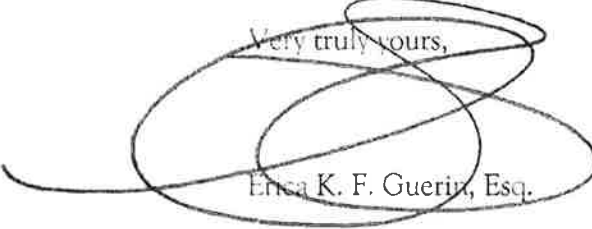

Mr. Charest purchased the lot from the City of Kingston on January 10, 2010. A copy of Mr. Charest's deed is included herewith for your convenience. In the deed to Mr. Charest, there are twelve restrictions on the lot which are applicable to every owner of the lot unless these restrictions are released by the Common Council.

Prior to selling the property to my clients, Mr. Charest, through his attorney Robert R. Jacobsen, Esq., made a request to the Common Council to release the restriction requiring the Common Council's consent to sell the premises. This request was granted by the passing of Resolution 105 of 2022, a copy of which is included for your convenience.

Subsequent to purchasing the lot, my clients purchased a home in the Town of Ulster and now no longer desire to build on a house on it. Consequently, the lot is for sale. While my clients have had interest in the lot, they are finding that the remaining eleven restrictions are hindering their ability to find a buyer who will proceed with the restrictions in place. Thus, on behalf of my clients, I am hereby requesting that the City of Kingston Common Council consider granting the release of the remaining restrictions from the lot and provide a document terminating the restrictions to be recorded in the Ulster County Clerk's Office.

Please let me know if you have any questions or need anything further regarding this matter.

Your consideration of this matter is greatly appreciated.

Very truly yours,

Erica K. F. Guerin, Esq.

WHEREAS, under Resolution 138 of 2023, the City of Kingston Common Council adopted a form-based zoning code and regulating map, to describe the desired form and character for future improvements and preservation throughout the City called Kingston Forward; and

WHEREAS, under the aforementioned regulating map, properties along Schwenk Drive were zoned as T5 Neighborhood, a transect with the intent of providing “a variety of housing choices, in small-to-large footprint, medium-to-high density building types, which reinforce the walkable nature of the neighborhood, support neighborhood-serving retail and service uses adjacent to this Zone, and support public transportation alternative”; and

WHEREAS, in the form-based code, the intent of the T5 Main Street transect is to provide “A walkable, vibrant urban main street serving multiple neighborhoods and the City with commercial, retail, entertainment and civic uses, public transportation, and small-to-large footprint, medium-to-high density building type”; and

WHEREAS, T5 Main Street designation allows for larger building footprints and encourages more commercial frontages; and

WHEREAS, under Resolution 92 of 2025, the City of Kingston Common Council referred the proposed map amendments to the City Kingston Planning Board, the Historic Landmarks Preservation Commission (“HLPC”), the Ulster County Planning Board, and the Zoning Working Group (the “Agencies”), and held a public hearing that took place on June 18th, 2025; and

WHEREAS, the Agencies approved the proposed changes to the regulating map;

WHEREAS, the Common Council agrees that adding these three properties would create greater neighborhood cohesion and advance the intent of the form-based code in the Uptown/Stockade area;

WHEREAS, the requested amendments do not significantly impact the location, intensity, or form of development that takes place in the City of Kingston and are found to be consistent and not exceeding the thresholds set in the DGEIS and FGEIS adopted for the form-based code on March 7, 2023 and July 11, 2023, respectively.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AS FOLLOWS:
