Hi Elisa,

The below communication was timely, but I did not notice you were not included. Can you please add this to Public Safety for November?

Thank you!

Good afternoon,

Can you clarify if you are looking for a handicap sign or a No Parking sign?

Thanks,

Dear President Shaut,

I am writing to request the Common Council's approval for the installation of a no parking sign at 14 First Ave. The property owner is handicapped and requires immediate access to his vehicle in case

of an emergency.

Thank you for your attention to this matter.

Sincerely,
Bryant Drew Andrews

Re: Removal and Installation of signs

Dear President Shaut,

I respectfully submit this communication to the Common Council for the approval to remove the current signs "20 minute parking" in front of the former Delaware Deli and replacement with "No Parking" signs. Vehicles parked along Delaware Avenue have obstructed sight lines for drivers pulling out of Third Avenue, creating a hazardous situation.

Thank you for your consideration.

Subject: Amended Communication Regarding Signage on Merilina Avenue

Dear President Shaut,

Please accept this message as an amended communication to the one I submitted on October 31st to be placed on the agenda of the appropriate committee in November.

I am requesting signage to be installed on the block of Merilina Avenue between Voorhees and Boulder Avenues to help mitigate traffic blocking the street during Edson School student pick-up and drop-off.

The exact language for the proposed signs is still to come, but I expect that it will be available in time for discussion within the week--in time for this month's Committee meetings.

Thank you for your consideration of this amended communication.

Sincerely,

Sara Pasti

Subject: Meter 480

Good Afternoon Elisa,

Now that the changes have been made to the intersection of Albany Ave. and Clinton Ave. meter 480 is no longer positioned by a parking space. What do I need to do to have that meter removed?

Thanks,
Vinnie
