Subject: Budget Transfer for Kayak Dock Project
Attachments: Committee_Report-Finance Committee_Kayak Dock Transfer 2024.pdf

Good afternoon,

This is a request that the Council authorize a budget transfer in the 2024 budget for the expenditure of funds for NYS DEC Rondout Creek Public Kayak Access project. Funding in the amount of \$50,000 will come from NYS DEC Grant Funding to design and install a new ADA accessible Kayak Launch on the Rondout Creek at TR Gallo Park to replace the old, deteriorated dock.

Match will come from in-kind donations and staff time. There is \$0 Estimated Financial Impact for this project.

This project was awarded in 2022 however, due to construction on the Wurts Street Bridge, advancement was on hold for 2022 and 2023. As the projected date for construction to be complete for the bridge is this Spring, we are now prepared to advance this dock project.

Please see the attached Committee Report.

Thank you,
Julie

Honorable Steven Noble
Mayor
City of Kingston
City Hall, 420 Broadway
Kingston, NY 12401

Dear Mayor Noble:

I am pleased to inform you that the City of Kingston has been awarded a grant of \$268,644.54 for application DEC01-ZEVIN-2022-00238 through Round 6 of the Municipal Zero-emission Vehicle (ZEV) Infrastructure Grant Program.

The New York State Department of Environmental Conservation (DEC) applauds your initiative in helping New York State achieve the greenhouse gas emission reductions required under the Climate Leadership and Community Protection Act and to meet its commitments under the Multi-State ZEV Memorandum of Understanding, which aims to put 3.3 million ZEVs on the roads of participating states by 2025. Your initiative is also consistent with the State's plan that 100 percent of new passenger cars and trucks will be zero-emissions by 2035.

After DEC receives procurement approval for this grant round from the Office of the New York State Comptroller, you will receive an email outlining the next steps in preparing to execute a state assistance contract for this grant award. The Master Contract for Grants for this award will be developed in the Grants Gateway. We recommend visiting the Grants Management website at <https://grantsmanagement.ny.gov/> to become familiar with the Grants Gateway and the contracting process.

We look forward to working together to achieve a resilient, climate-ready future for all New Yorkers.

Sincerely,

Basil Seggos
Commissioner

Subject: Re: Lowering Speed Limit to 25mph on Webster Street

Good morning,

After discussing with Alderwoman Hirsch, I will accept this late communication for March's Public Safety meeting. The constituents have waited a year for the completed engineering study. In fairness, I do not want to extend their wait any longer; therefore, I will waive my normal stringent deadlines.

Elisa - can you please add this to the March Public Safety meeting?

Sincerely,

Andrea Shaut

Council President, City of Kingston

Subject: Communication re Signage on Merilina Avenue En Route to Edson School

Dear President Shaut,

Please accept this message as a communication to be placed on the agenda of the appropriate committee (likely the Public Safety Committee). I am requesting changes to the existing 'No Parking' signage on Merilina Avenue between Edson School and Voorhees Avenue.

Specifically, I am seeking a change in signage that will replace the current signs with ones that read "No Parking or Standing / Mon-Fri 7AM-4PM." The proposed change would also extend the signage further along Merilina to the intersection of Voorhees Avenue.

If requested, I can provide supporting materials based on discussions that have been held with parents, City staff, and Edson School Principal Lowell.

Thank you for your attention to this matter.

Sincerely,

Sara Pasti

 Reynolds Scott Childress, Ward 3 <u>MICHELE HIRSCH, WARD 9</u>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

~~Draft Vision Zero~~ / Safe Systems Implementation Plan

1. Lower City speed limit to 25 mph.

Requires the State legislature to modify Bill # 1007 –A which amends the L&T law allowing Cities to establish lower speed limits after a study based on the MUTCD. Replace MUTCD with NACTO methodology. Lobby our legislators to make this change.

~~Lobby legislature to allow speed limit enforcement by cameras.~~

2. Create a small fund in the 2025 budget to allow for the funding and installation of low-cost traffic calming measures throughout the City. Where feasible without creating unsafe conditions. .
- * 3. Require the Planning Board and Planning Department to include traffic calming and safe street design elements in submitted site plans.
4. Build on the existing Road Hero campaign to encourage people to act responsibly and “follow the rules” when using the transportation system.
5. Include traffic calming and safe system design elements in City funded transportation projects where feasible without creating unsafe conditions.

RESOLUTION 45 OF 2024

RESOLUTION OF THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, SUPPORTING THE MAYOR'S EXECUTIVE ORDER DATED JUNE 30, 2023 ON SAFE SYSTEMS APPROACH TO THE CITY'S TRANSPORTATION SYSTEM

Sponsored by: Public Safety/General
Government Committee: Alderman
Dennison. Andrews. Mickens

WHEREAS, the Mayor of the City of Kingston issued an Executive Order on June 30, 2023 committing the City to sign on to the Federal Transportation Administration's Safe System Approach to managing the transportation system in the City; and

WHEREAS, the Common Council of the City of Kingston supports the Federal Safe Systems Approach to maintaining, operating and improving the transportation system in the City of Kingston.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AS FOLLOWS:

SECTION 1. That the Common Council of the City of Kingston hereby endorses and supports the Mayor's Executive Order dated June 30, 2023 committing the City to the Safe Systems Approach to managing the City's transportation system.

CITY OF KINGSTON

Office of the Mayor

mayor@kingston-ny.gov

Steven T. Noble
Mayor

EXECUTIVE ORDER **Issued June 30th, 2023**

Whereas, Kingston is leading the way in upstate New York when it comes to redesigning our roadways. Working with local engineers, NYS DOT, community members and advocacy organizations, the City of Kingston has begun to literally reshape our pedestrian, bicycle and motor vehicle environments. Recently completed projects include the Broadway Streetscape Project, the Broadway Grand Intersection Realignment Project, the Franklin Street Complete Streets Project, and the Pedestrian Safety Action Plan Intersection Project, among many others; and

Whereas, with the addition of the Kingston Greenline, multiple complete street projects in various Kingston neighborhoods and a recently completed Pedestrian and Bicycle Master Plan, Kingston is taking steps to transition our streets into safer roadways. The Kingston Point Rail Trail Phase 1 (Phase 2 is under design) and the Midtown Linear Park have been created, both of which provide off-street paths and connections for walking and biking. The Kingston Greenline is a network of urban trails, complete streets, improved sidewalks, bike lanes, and linear parks in Kingston; and

Whereas, Kingston will continue to call on the federal government to continue its efforts to improve the vehicle safety system through advocacy with our federal representatives. By adopting a Safe System Approach, we will continue to use the best available guidance from USDOT / FHWA, NYS DOT, and NACTO to design and re-design our streets to be safer for all users; I hereby

Declare, the City of Kingston will sign on to Federal Transportation Administration's Safe System Approach; and I further

Declare, Kingston will encourage safe, responsible driving and behavior by people who use our roads and create conditions that facilitate their ability to reach their destination unharmed. We will design roadway environments to mitigate human mistakes and account for injury tolerances, to encourage safer behaviors, and to prioritize safe travel by the most vulnerable users in a uniform and equitable approach; and I further

Declare, Kingston will expand the availability of vehicle systems and features that help to prevent crashes and minimize the impact of crashes on both occupants and non-occupants; and I further

Declare, Kingston will promote safer speeds in all roadway environments through a combination of thoughtful, equitable, context-appropriate roadway design, appropriate speed-limit setting, targeted education, outreach campaigns, and enforcement; and I further

Declare, Kingston will promote a complete, city-wide network of sidewalks that are safe and accessible for all users; and I further

CITY OF KINGSTON

Office of the Mayor

mayor@kingston-ny.gov

Steven T. Noble
Mayor

Declare, Kingston will continue to weave together the various completed projects with projects in design phase to create a holistic pedestrian, bicycle and motor vehicle environment; and I further

Declare, Kingston will enhance the survivability of crashes through expedient access to emergency medical care, while creating a safe working environment for vital first responders and preventing secondary crashes through robust traffic incident management practices; and I further

Declare, Kingston will engage and collaborate with the public and relevant stakeholders, including the city's Complete Streets Advisory Council, as well as interested and concerned members of the general public; and I further

Declare, Kingston will strive to develop metrics and collect data that helps quantify pedestrian and bicyclist crashes and collisions that don't involve motor vehicles. This with an eye towards identifying and correcting problem locations in the city; and I further.

Declare, Kingston will recommit to significant declines in roadway fatalities and serious injuries by 2030, with the eventual goal of zero fatalities and serious injuries.

Sincerely,

Steven T. Noble
Mayor

Whereas, The Mayor of Kingston issued an Executive Order on June 30, 2023 committing the City to sign on to the Federal Transportation Administration's Safe System Approach to managing the transportation system in the City.

Whereas, The Common Council of the City of Kingston supports the Federal Safe Systems Approach to maintaining, operating and improving the transportation system in the City.

Resolved; The Common Council endorses and supports the Mayor's Executive Order dated June 30 , 2023 committing the City to the Safe Systems Approach to managing our transportation system.

Honorable Andrea Shaut
Alderman-at Large
420 Broadway
Kingston, NY 12401

Dear Ms. Shaut,

I am respectfully requesting a budget modification to cover the purchase of a replacement LIVESCAN system. The system is used to electronically enter fingerprints which are sent to the Division of Criminal Justice Services and the FBI. Our current system was purchased and installed in 2015.

There is zero financial impact for this modification as the City was able to secure a non-matching grant for the purchase.

DCJS Project #LS23-1048-E00

Thank you for your time and consideration in this matter. If you or your committee needs additional information, please do not hesitate to contact me.

Sincerely,

Egidio Tinti
