Hi Majority Leader,

I hope this message finds you well! I am a resident and landlord in your ward (18 Belvedere Street) and am writing with a request for guidance.

The previous tenant in my home requested to have accessible (handicap) parking signs directly in front of our home due to his disability. They were installed and worked great for him.

He moved out of the house over a year ago, and the signs no longer create accessible parking for anyone in our house. I am also confident that no one else on the block uses the spot.

More recently, the current tenant was ticketed because she parked in the spot in front of our house. Given the current tenant is not disabled, and my assumption is future tenants will also want to park there, I would like to have those signs removed.

Can you assist me with that process or provide guidance about any next steps I should take?

Many thanks in advance!

Warmly,
Jake Salt

Re: KFD EMS Services

Dear President Shaut,

For over 100 years, the City of Kingston Fire Department has provided excellent fire and EMS services to our residents. The Kingston Fire Department (KFD) has provided critical fire responder care within three minutes to all of our residents with basic life support services.

Over the last few years, we have seen the statewide and local emergency medical transport system struggle to meet the growing demands of the system. This has affected both rural and urban type environments, and we have seen this impact right here in the City of Kingston.

Within the last few months, the City of Kingston has had to put its spare Mobile Mental Health ambulance into service over two dozen times to transport Kingston residents to the hospital. In the past month it has been a daily occurrence. It is with this background that Chief Rea and I would like to give a presentation to the common council on our proposed plan for addressing this EMS crisis in Kingston. I have not included a committee report at this time as I believe our first course of action is to layout the situation and propose a potential path forward by expanding the scope of the Kingston Fire Department.

Please feel free to contact me if you have any questions or concerns.

Respectfully Submitted,

Steven T. Noble
Mayor
