Hi Elisa,

John & I discussed holding off until December's meeting for the attached communication, but I cannot recall if I already forwarded it to you. Can you place it in my folder?

Thank you!
Andrea

Subject: Public Safety / GG Stop signs citywide

President Shaut-

This item was previously passed out of committee but it was sent back to committee due to lacking funding being requested by DPW to pay for the materials needed. The funding was later provided. I am requesting the stop sign legislation be heard again by the PS/GG committee for adoption of the needed legislation.

This is not a particular urgent matter but if you would like to add it to November PS/GG as a late communication that would be fine; It could also wait to December in my opinion.

Please let me know if you need anything further to advance this.

Thank you,

RE: Stop intersections, various locations

Dear President Shaut:

I have reviewed intersections throughout the city to identify locations where there is currently no stop or yield sign legislated on any approach. Based on this review, I have created a list of locations where legislation should be passed to correct these unsigned locations.

My suggestion is to add to 390-92 Schedule IX: Stop intersections the attached list of locations.

Please forward this request for consideration at Public Safety / General Government.

Respectfully,

John M. Schultheis, P.E.
City Engineer

Hi Elisa,

Resolution #89 of 2021 was referred back to committee in order to secure the funds for the project before voting on the project. It seems it never made it back to committee or full council. Can you place this email, as well as the attachment, to my communications folder? I will be assigning it to December's Public Safety meeting.

Thank you. Let me know if you have any questions!

From: Morell, Jeffrey
Sent: Thursday, December 02, 2021 10:26 AM
To: Shaut, Andrea; Tinti, Elisa
Subject: Fwd: [EXTERNAL EMAIL] Handicap sign needed.

Dear President Shaut,

Please assign this request for a handicap parking spot on Fairview Ave. to the appropriate committee.

I understand that there is a "no parking" zone directly in front of Fairview Gardens building #8, I believe that was added a few years ago due to visibility issues, I would like to request that the City engineer look at the area and suggest the nearest allowable spot for a handicap parking or any other viable solutions.

Thank you,
Jeffrey

Subject: [EXTERNAL EMAIL] Handicap sign needed.

To: Jeffrey Ventura Morell

Hi Jeffrey, we would like to request a handicapped parking sign on Fairview Ave in front of building 8 apt#2. My dad moved there yesterday and Fairview Gardens can only provide him with a handicap parking spot down behind the next unit and about a quarter mile walk. He is 90 years old, a veteran and a retired Kingston city school physical education teacher. He wants to remain active but his orthopedic surgeon wants him to walk with a walker as his knee replacement is wearing out and inoperable. His old rental was going up for sale and with the housing shortage it was difficult to find him a place to live that was affordable and safe. His new apartment was recently renovated to be handicap accessible for someone in a wheelchair. Unfortunately there was no close parking and the only downstairs apartment they had. I noticed the other unit that faces Fairview has a few on street parking spots but the sign in front of his apartment says "no parking this side of street". I have enclosed a copy of his parking permit. Any assistance in this matter from the City of Kingston would be greatly appreciated.

Good Afternoon President Shaut:

Please forward the request to have a handicap parking signed installed at 51 VanBuren Street for Lindsay Mayo to this month's public safety committee. I believe this request is for her mother who resides with her. Attached is a photocopy of her handicapped parking sticker.

I've also submitted this request through the city's 311 app.

Thank you.

Re: Mentor Me Adopting Peace Park

Dear President Shaut,

The Mentor Me organization of Ulster County has been doing some excellent work in uptown Kingston by helping to maintain and beautify Peace Park. I would like to recommend that the Mentor Me organization officially adopt Peace Park in uptown, so that they can continue to help care for one of Kingston's green spaces and be recognized with a sign in the Park for all of the wonderful work they have done in the community.

Please feel free to contact me if you have any questions or concerns.

Respectfully Submitted,

Steven T. Noble
Mayor

Alderwoman Hirsch,

I greatly appreciate your willingness to add this issue to the upcoming public safety committee meeting on October 27th.

It's unfortunate that my Alderman, Rennie Scott Childress, has continued to ignore and stall on such an important issue that has effected his constituents for far too long.

I look forward to attending the meeting in hopes of having this very dangerous problem addressed.

Thank you so much!

Subject: Re: [EXTERNAL EMAIL] Marius & Glen St Traffic

Good morning,

I am following up to request that the communication I submitted in November be added to the agenda for discussion at the December Public Safety Committee Meeting. The constituent that sent in emails that I forwarded in my original communication is still requesting a discussion by the Public Safety Committee as this item did not make it into the November communications list or the agenda for the committee meeting.

I have added Barbara to this email as I would like clarification as to whether my original communication can be accepted for the December Public Safety Meeting or do I need to send in a new communication for inclusion on the agenda for January's Public Safety Committee meeting.

This constituent and his neighbors are extremely frustrated and have been emailing us to request copies of a traffic study that had been promised last year.

Thank you.

With kind regards,
