The other item that should be on the list is handicap sign for Charles Finch at 66 Stephan Street.

Again, this item can wait until next month as well.

Sounds good, Tony. Just email the council members and Dan G to let them know.

Elisa – can you make the change on the website?

Summer – see thread below. Tony is cancelled Public Safety this month. Not sure if you made an FB event, but if you did, can you delete it?

Thank you!

Good morning, Tony.

Yes, since there is no New Business, if you are comfortable holding off on the Old Business item, it's fine to cancel.

Hi,

I was planning on canceling this month's committee meeting. There is only one item on the agenda that I am aware of to discuss.

Please let me know if this is OK.

Dear President Shaut,

Please accept this communication request for a No Parking sign at 22 Marys Avenue. The homeowners have had ongoing complaints about large commercial vans parking on the street in front of their home and down to the intersection of Andrew Street; creating a hazard for the homeowner and neighbors when they pull out of their driveway.

Thank you.

With kind regards,

Michele Hirsch
Alderwoman, Ward 9

Subject: Crosswalk flags

Good evening,

At tonight's Public Safety meeting there was a discussion on the possible installment of crosswalk flags at various intersections throughout the city that you may find hazardous for people to cross.

While on vacation in Melbourne Beach, Florida the flags are utilized effectively. (See attached)

I am reaching out each Alderperson to see if there are any possible intersections that might warrant these crosswalk flags.

I am reaching out to Ed to find out the potential cost to construct such signs.

I am reaching out to John to find out if there is any potential restrictions on such signage.

This matter has been table under old business until next month's Public Safety meeting.

Thank you in advance for your assistance.

Tony
