**Subject:** Communication

Dear President Shaut,

I ask that the Common Council invite City Engineer John Schultheis to the January Public Safety Committee meeting to review any elements of the Chazan Company's recent traffic study for the proposed Pennrose housing development at Golden Hill that may require future Common Council action. If there are no such proposals to be considered at this time, then I ask that the City Engineer provide a brief note stating such.

Best wishes,  
Rennie

**Subject:** Fwd: [EXTERNAL EMAIL] Handicap sign needed.

Dear President Shaut,

Please assign this request for a handicap parking spot on Fairview Ave. to the appropriate committee. I understand that there is a "no parking" zone directly in front of Fairview Gardens building #8, I believe that was added a few years ago due to visibility issues, I would like to request that the City engineer look at the area and suggest the nearest allowable spot for a handicap parking or any other viable solutions.

Thank you,  
Jeffrey

To: Jeffrey Ventura Morell

Hi Jeffrey, we would like to request a handicapped parking sign on Fairview Ave in front of building 8 apt#2. My dad moved there yesterday and Fairview Gardens can only provide him with a handicap parking spot down behind the next unit and about a quarter mile walk. He is 90 years old, a veteran and a retired Kingston city school physical education teacher. He wants to remain active but his orthopedic surgeon wants him to walk with a walker as his knee replacement is wearing out and inoperable. His old rental was going up for sale and with the housing shortage it was difficult to find him a place to live that was affordable and safe. His new apartment was recently renovated to be handicap accessible for someone in a wheelchair. Unfortunately there was no close parking and the only downstairs apartment they had. I noticed the other unit that faces Fairview has a few on street parking spots but the sign in front of his apartment says "no parking this side of street". I have enclosed a copy of his parking permit. Any assistance in this matter from the City of Kingston would be greatly appreciated.
