Please be advised that this request is in front of Rondout Landing. Although we do not normally provide handicapped zones in metered locations, I should note that Rondout Landing provides tenant parking in the rear of the building. The permit holder is confined to a wheel chair and it is extremely difficult for him to go from the parking lot to his residence. I have already spoken to John Schultheis and he indicated we have made exceptions in the past in instances such as this. Please feel free to call me with any questions.

Thank you
Respectfully submitted

Hi Elisa,

Can you please include this on March's Public Safety agenda? It came in a bit late, but I do not want to wait another month for a needed ADA parking spot.

Thank you,

Andrea Shaut
