President Shaut,

I have ongoing discussions with Steve Eder about traffic speeding on Pine Street. Please see attached petition with signatures from constituents residing on Pine Street. I realize engineering will need to do a study, however, I would ask that it be summited to the public safety committee for discussion. If the submission is too late for October's meeting, I would ask that it be placed on November's agenda.

Thank you.

Rita

Hi Rita,

Here is the petition for the speed bumps so far. It includes the majority of people living on the block I think.

hello Michelle. We spoke on the phone about have a designated handicap parking sign installed in front of our house. We are bringing Scott's mother, Clarice Johnson from Minnesota to live with us on November 24 2023. She is 95. This tag was not renewed because she fell and broke her knee and was living in a rehab center. We will need the parking space available to her so we can maneuver her wheel chair directly from the house to the car.

Good morning,

It was brought to my attention this morning that there was a request from a constituent a month ago to remove the handicap sign from 42 Wall St.

Please add to November's Public Safety meeting.
