

**LOCAL LAW 10 OF 2018 OF THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK,
ESTABLISHING A MUNICIPAL IDENTIFICATION PROGRAM**

Sponsored by: The Laws and Rules Committee
Aldermen Carey, Ventura Morell, Scott, Childress, Koop, O'Reilly

WHEREAS, the Kingston Common Council finds that many residents of the City of Kingston are unable to obtain government-issued identification that is required to fully participate in the City of Kingston's rich society. This barrier potentially leaves thousands of individuals — including immigrants, homeless people, transgender people, senior citizens, young people, and those who have been formerly incarcerated — without access to critical services, benefits, cultural, educational, and civic opportunities. It is the intent of the Kingston Common Council to build the City of Kingston's standing as a welcoming and inclusive center for all residents, without regard to a person's race, national origin, religion, sex, sexual orientation, gender identity, disability, immigration, housing, financial status, or other marks of distinction. Further, it is the intent of the Kingston Common Council that the municipal identification card should affirm the resident status of all City of Kingston residents; and

WHEREAS, Residents' lack of access to acceptable forms of identification also raises public safety concerns for the City. Residents without access to bank accounts often carry large amounts of money on their person or store it in their home making them targets for crime. In addition, residents who cannot produce proof of identity are often reluctant to report to the police crimes that they suffer or witness. Studies show that immigrant populations in particular are victimized by crime at rates similar to or greater than the general population but they report crime at lower rates than the general population. This under-reporting of crime poses a serious public safety problem and erodes the ability of law enforcement to function effectively in the City, and

WHEREAS, a City of Kingston identification card would serve to reduce the impact of the above mentioned conditions, improve public safety, and enable all City of Kingston residents to participate more fully in and become an integral part of the life of the community. A municipal identification card would encourage crime reporting and witness cooperation, both key elements in building a safer community. Such cards would also potentially enable more City residents to; open bank accounts, access parks or other public facilities, and receive resident discounts at local businesses, events, and arts institutions as well as demonstrate pride in being a City resident. The card could have multiple use options, for example functioning as a public transportation pass, library card, and parking meter card all in one. The cards would also benefit children and youth who become lost and normally possess no identification or emergency contact information and elderly citizens who no longer drive and therefore no longer possess a valid driver's license. Accordingly, it is in the best interests of its residents for the City to issue its own municipal identification card, and

WHEREAS, by authorizing the creation of this program, the Kingston Common Council does not intend to expand identification requirements for access to basic services or exercise of constitutional rights. The program should not be used as a proxy to require individuals to

produce government-issued identification to access services and benefits where such identification is not presently required, such as registering to vote, casting a ballot, or accessing government buildings, and

WHEREAS, The Kingston Common Council further recognizes that transgender and gender non-conforming individuals may have particular challenges in obtaining identification cards that reflect their gender identity, due to stigma and burdensome administrative policies for changing gender on other identification documents. This increases the likelihood they will experience discrimination in seeking employment or housing, or even prevent them from participating in cultural or civic life and so it is our intention to make the program affirming to transgender and gender non-conforming residents by not requiring a gender selection, and by allowing for applicants to obtain identification that reflects their gender identity, regardless of assigned birth sex or gender designation on previously-issued identity document.

F. Finally, the Kingston Common Council seeks to preserve the safety and privacy of all City of Kingston residents. It is the intent of the Kingston Common Council that all completed applications and personal data gathered during the application process should be destroyed, besides the applicant's photograph, name, and date of birth, which should be maintained confidentially.

NOW THEREFORE BE IT ENACTED BY THE COMMON COUNCIL OF THE CITY OF KINGSTON, NEW YORK, AS FOLLOWS:
