

Kingston Flooding Task Force

New Central Baptist Church, 229 East Strand Street, Kingston, NY 12401

May 21, 2013 * 3:00-6:00pm

Meeting 5 Agenda

3:00 Welcome and Introductions

Participant introductions, review of agenda, overview of Task Force progress

3:15 Long Term Site-Based Vision For the Waterfront (Revised), Policy Tools for Kingston to Consider, and Assessment of Kingston's current Policies and Regulations

- Presentation of revised Kingston strategy maps based on Task Force input at meeting 4 and online survey – Sacha Spector, Scenic Hudson
- Presentation on types of tools Kingston could use to implement this vision based on the Georgetown Climate Center's Adaptation Tool Kit: Sea-Level Rise and Coastal Land Use – Mark Lowery, NYS Department of Environmental Conservation
- Presentation on a review of Kingston's current policies and regulations related to climate and flooding (Climate Smart Planning Assessment) – Libby Murphy, Cornell/DEC Estuary Program

4:15 Break

4:30 Task Force Discussion of Near-Term Recommendations: Principles, Site Ideas and Remaining Questions

Large group discussion of what needs to happen in Kingston in the next 1-3 years to move toward the long-term vision to address flooding.

5:50 Wrap Up & Next Steps

Decide on activities to complete prior to the next Task Force meeting.

6:00 Adjourn
