

City of Kingston, NY
COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM
CDBG-CV Proposal

Annually, the City of Kingston (City) receives an Entitlement Grant allocation through the United States Department of Housing and Urban Development's (HUD's) Community Development Block Grant (CDBG) Program. These funds are used to support projects and programs that primarily serve low and moderate income residents of the City through activities that expand economic opportunities and provide for decent housing and a suitable living environment.

With the occurrence of the COVID19 health emergency and the scope of the local response required, through the provisions of the recent federal CARES Act, HUD has allocated an additional \$440,426.00 of CDBG-CV funding to the City in an effort to support the needs of our residents during and in the wake of this pandemic. While the City is not required to conduct its traditional application process to allocate these funds, in an effort to identify as many effective, creative, innovative uses as we may, I am calling for proposals for projects, programs or services that will help our community fight this pandemic and recover quickly from its harms.

To be considered for this funding, your organization must be a documented not-for-profit or for-profit entity, the activity must be in direct response to the COVID-19 health emergency and any damages, injuries or challenges caused by it. Your proposed activity must take place within the municipal boundary of the City of Kingston and the beneficiaries of your proposed activities must primarily be low to moderate income residents of the City. Please submit the following proposal form to Brenna Robinson, Director, Office of Economic & Community Development. **Submissions should be sent via email to brobinson@kingston-ny.gov no later than 4:30 PM on Friday, May 1, 2020. No late submissions will be accepted.** (The timestamp for your submission will be considered the time indicated on the email received by Ms. Robinson, so please send them as early as possible.) If you have questions or need additional information regarding this request, Ms. Robinson may be reached at the above email address or at 845-334-3924.

Thank you, in advance, for your hard work and compassion in supporting our community. I look forward to seeing your proposals.

Sincerely,

Steven T. Noble
